Multi-Grab

SUPER MAGNET ENABLES
STRONG GRIP BUT EASY TO
ATTACH AND REMOVE

MULTIPLE MODELS TO FIT
JOB REQUIREMENTS

An extremely versatile material handling, lifting and pulling hand safety tool, the Multi-Grab helps keep hands away from hazardous pinch, crush and cut points. The D-handle allows for a sure single-handed grip on steel sheet, scrap, drop, assemblies, parts, equipment and more. Use it on worktables, welding tables, water jetting tables, assembly lines and in steel fabrication operations. Visit our website for complete tool information.

MADE IN THE U.S.A.
