FOR SAFELY
MANEUVERING GRATING

HandSafetyTools.com

Enables secure
control by locking
onto grating

Improves
ergonomics

Removes risk
of hand injuries

SLIDING FAST-ACTION FRICTION-LOCK MECHANISM SECURES TOOL TO GRATING

T-HOOK HEAD DESIGNED TO FIT BETWEEN STANDARD-SIZED GRATING BARS

ENABLES SOLO OR TEAM LIFTING AND CARRYING UP TO 50 LBS. PER TOOL

The GrateIt™ No-Touch Hand Safety Tool helps users avoid injuries when lifting, carrying, or moving grating. It also improves ergonomics by reducing the need for users to bend and overreach. Serving as an extension of the user's body, the tool locks onto the grating for secure and controlled maneuvering.
